J. Williams: I would like to know the outcome of that conversation.

J. Williams: Do we need a better testing instrument?

Dr. Dumon: Galileo is being underutilized with its capability to test what has been taught as well as the (DOK) depth of knowledge 2nd test.

R. Ethridge: Benchmark 1 should be a starting tool, not a benchmark in August.

J. Williams: Does summer slide affect the first test?

S. Camp: The 1st test is to test what you know.

M. Hudecek: The trend seems to be going up.

Dr. Dumon: Acadience used to be DIBELS which is done 3 times a year, covering PSF, ORF, nonsense words and then MAZE at the 7th and 8th grade level.
